# JAVA

The Java beverage machine provides coffee shop quality beverages which are pre-selected through an intuitive user interface, incorporating a large LCD screen and positive feel keypad.

Finished in contemporary styling with metallic silver paint finish and Coffetek blue panelling, the Java provides a full coffee shop style menu – anything from sophisticated continental coffee blends to fresh leaf tea and indulgent hot chocolate.

- Energy saving mode – reducing power consumption up to 30%
- I-Detect – providing a guaranteed vend, I-Detect also allows the user to place their own cup, automatically detecting the cup and dispensing the drink
- Direct selection keypad system
- High capacity cup system dispensing plastic or paper cups
- Jug facility – providing beverages for those all important meetings

## GREEN CREDENTIALS

- Energy saving mode – reducing power consumption up to 30%
- Consumes just 86 Wh per litre
- 90% recyclable at end of life
- Paperless brewing system – no waste
- Cup sensor allows use of own cup
